
shannen doherty Jessica Biel: The Next Shannen Doherty

Posted by Aldo - 2010/02/17 12:17

Jessica appeared partially nude in a magazine
 Let's just hope this will happen again and again and again..... * Sent from RemarQ <http://www.remarq.com> The Internet's Discussion Network * The fastest and easiest way to search and participate in Usenet - Free!

I believe Jessica Biel is the new Shannen Doherty. Remember when Shannen was a young bitch way back in the early 90s? She also did a nude layout and a raunchy interview just like Jessica. Oh, Shannen also starred on a show produced by Aaron Spelling and was the biggest bitch on the set of that show, just like Jessica. Shannen and Jessica appeared partially nude in a magazine layout, Jessica is the next bitch, I mean the next Shannen Doherty. << Only Jessica has youth on her side. So we'll be seeing her for many years to come. With as many posts as you made on her, you sound as if to have a thing for the bitch bad girls. So do a lot of others. The more you make them look bad, the more people will like them.

bitch bad girls. So do a lot of others. The more you make them look bad, the more people will like them. Jessica has already taken this honor away from Shannen, Shannen is a washed up bitch. Sent via Deja.com <http://www.deja.com/> Before you buy.

I disagree, Jessica Biel is a lot sexier than Shannen is now. Shannen looked very very sexy in her 90210 days, particularly between 1992-1994 but now she's past her prime. I've seen some episodes of Charmed and she looks tired and is aging disgracefully. Sorry, but it's true. * Sent from RemarQ <http://www.remarq.com> The Internet's Discussion Network * The fastest and easiest way to search and participate in Usenet - Free!

shannen doherty Jessica Biel: The Next Shannen Doherty

Posted by Cyber Freeze - 2010/02/17 12:17

Agreed. Jessica Biel is much much much hotter than Shannen. Shannen looks like a regular-average person, she is not sexy and a hottie like Jessica. * Sent from RemarQ <http://www.remarq.com> The Internet's Discussion Network * The fastest and easiest way to search and participate in Usenet - Free!
